PROFILE

Passionate UI/UX designer, specialized in creating intuitive and aesthetic digital experiences. My goal is to contribute to the design of websites, platforms, and applications. My approach combines creativity, analysis, and technical rigor to produce effective digital solutions.

EDUCATION

Second year of Master's in Governance and Data Engineering — 02 / 2026 - Present
National School of Computer Science — Fianarantsoa

First year of Master's in Governance and Data Engineering — 01 / 2025 - 12 / 2025
